

*Dedicated to the **Stars**...*
Even though you may be far
In every moment
*You are **Amazing***
*You are **Timeless***
*In you I rest my **soul** as*
*In loving **you**...I am!!!*
*I choose to **love you** in silence,*
For in silence I found no rejection.
*I choose to **love you forever** in my dreams,*
For in my dreams no one owns you but me.....
